

Dachsie Haven Rescue

ADOPTION APPLICATION

Please fill out this application completely. Incomplete applications will automatically be denied. Adopting a pet is a major responsibility and by association the placement of animals placed in our care is a very serious undertaking. Without complete information we can not make an informed decision about you and your family. The futures, safety and happiness of the animals are our primary concern.

Family and Household Information:

Name: _____

Thank you for taking the time to fill out this application and taking an interest in adopting a Dachshund. If your application passes preliminary approval you will be contacted to schedule an in home visit. Please make sure that all household members will be available for this meeting. If your application is approved you will be put on a waiting list and then matched with a Dachshund that will meet your's and its needs. Please realize that the interest of the dog takes primary precedence in the adoption process. It may take multiple visits to insure that the Dachshund/human mix is the right one. Not every Dachshund will fit properly in every family and if the dog does not take to your family during the introduction visits (at the foster home or at your home depending on the dog) then you will be put back on the waiting list for the next dog that fits your needs. At DachsieHaven the Dachshunds choose their families we do not choose them for them. If this process is not something you are willing to work with please consider another rescue group. If you get a Dachshund from another source or change you mind about adopting from DachsieHaven for any reason please notify us so you can be removed from the waiting list.
